

Who Should Attend?

Yes, this satisfies FDA Better Process Control School Acidified Foods requirement

Canning salsa, pickles, and other acidified foods for sale require special training.

The “Understanding Acidified Foods Workshop” is designed to teach the basics of food safety requirements and regulation in the manufacture of acidified foods in Maryland.

Whether you have a business that you wish to expand, or you are just in the planning stages, the Acidified Foods Workshop will be helpful to you.
